POLICY: Release Form for Matted Pet

For pets with matted coat/fur/hair, if brushing out is possible, we will do so but please be aware that the fee for dematting is \$1.00 per minute. Note also that we will not subject a pet to more than 20 minutes of dematting as it can cause undue stress to your pet.

In rare instances, the appointment may be rescheduled due to the amount of time needed to properly care for such conditions.

Mat removal is a tedious, and sometimes dangerous procedure that requires skill & patience to perform. For more information regarding the problems that can arise due to matted coats, please refer to [www.preciousfursmobilepetspa.com/Policies & Pricing/ Service Policies](http://www.preciousfursmobilepetspa.com/Policies%20&%20Pricing/Service%20Policies).

After dematting or clipping, we will be happy to recommend the appropriate grooming schedule for your pet.
